While the amount of thanks I owe to you all cannot be contained in just a small note, I will try my best to explain how grateful I am for the medical/financial assistance you have provided for me. When I came into your office for the first time during the summer, you were all so kind and professional in providing assistance with the condition of my gums and teeth, even without knowing anything about my situation. Upon learning that you would pay for my treatments, I was so surprised and thankful. The weeks following my assault were a blur. Following the incident in May, I had to learn to live in the real world again, a world free of manipulation, sadness, and a feeling of entrapment. As a victim of abuse, I can honestly say, you made a difference in my life. It is people like you & your team that helped make me healthy again & it is people like you that helped lift me up. I am proud to say that I had the privilege of meeting you all. I will forever be in debt to each & every one of you. Thank you so much. - Shelby
