

Endowment Incentive Grant Program

Encouraging you to reach your goals.

In this inaugural year, the Yampa Valley Community Foundation endowment building program will serve to help nonprofits secure their future and ability to serve their community, today and tomorrow. Our incentive program is available exclusively to nonprofits that have established an endowment fund with the Yampa Valley Community Foundation. We have dedicated \$100,000 in incentive grants to support your endowment-building efforts.

Step 1

Start an Endowment or increase your current endowment. A minimum \$10,000 is required to begin an endowment at the Community Foundation.

Step 2

Use the Endowment Building Toolkit to work with existing and potential donors to build your endowment. The Community Foundation is here to help you to secure your future.

Step 3

Receive 25 cents per dollar on contributions from your donors up to \$10,000. Raising \$40,000 for your fund results in a \$50,000 endowment and a permanent funding source for your organization.

*\$100,000 incentive grants are first come-first serve basis.
