• Do not share the door combination. Each Passport Club membership will include two identifiable key cards. If you lose your swipe card, we will be able to deactivate it and issue a replacement. The SSRC security office will have 24 hour access to the locker room.
• Accompany all guests in the locker room.
• Be certain young children are under adult supervision.
• The locker room is co-ed and used by many people including families. Please exercise discretion and modesty. Any changing from street clothes to ski gear should be done in the bathroom. When in doubt, err on the side of being conservative.
• Please do not move any equipment that is not yours.
• Store all skis and snowboards in locker. Please take any extra equipment home or have it stored with your ski rental company.
• For safety reasons, please do not store boots or any other equipment on top of the lockers. Thank you for storing your boots in lockers or under the benches in the aisles.
• Please do not store boots on the top shelf of the boot cabinets.
• Lost and Found - A basket is located on the window sill for small items such as hats, goggles, and gloves.
• The electric outlets are available on a first come basis for boot warmers. Please do not unplug other people’s boots.
• Parking is first come- first serve. If your license plate has been submitted to YVCF, you do not need to enter the parking code at the kiosk. If you are driving a vehicle that is not in the system, YVCF will provide a parking code to use at the kiosk. Note: the code will change on a monthly basis and should not be shared. Free parking is available both in the Knoll Lot (walking distance to the locker room) or in the Meadows Lot which has frequent shuttle service to and from the base area.
• If something is broken or in disrepair, please notify Traci Hiatt at YVCF immediately.

Please contact Traci Hiatt, Donor Engagement Manager with any questions or concerns:
